

SpaceDraft®

A creative way to virtually communicate **any** imagination.

Sport

Coach smarter, not harder.

SpaceDraft can replace the whiteboard in school sporting teams for any training and game strategy. It can also be used in PE studies as part of the curriculum for all ages.

STEM

Engage students and future-proof learning

Improve outcomes for students and solve the challenges facing a future of life-long learning through powerful and smart use of learning technologies.

History

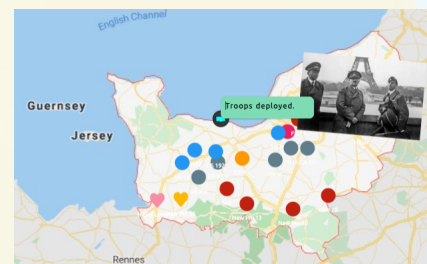

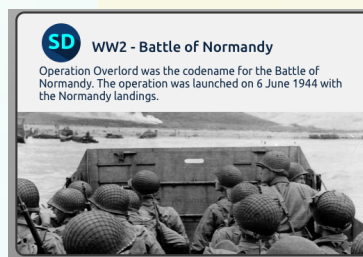

Creative teaching

Improve learning and retention of key dates and actions across any timeframe. With SpaceDraft, students can map out any plan across any time and space in a fun and gamified way.

Drama

A new way to block

Traditionally, communicating a scene or monologue can take hours. However by using SpaceDraft, WACE drama students have been able to easily block out movements on stage and correlate actions with the script and timeline.

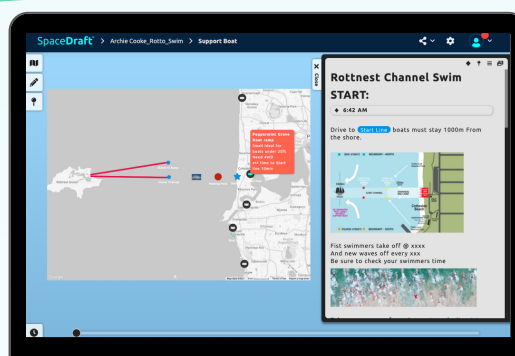

Video game design

"Just send me the SpaceDraft"

SpaceDraft is a brilliant learning tool that allows teachers to contextualise to their discipline, improving student engagement and learning across all outcomes.
